99 MINUTE MILLIONAIRE: THE SIMPLEST AND EASIEST BOOK EVER ON GETTING STARTED INVESTING AND BECOMING ROCK STAR RICH BY SCOTT ALAN TURNER PDF

"I couldn't recommend this more highly. Scott explains the basic of investing in simple English. It's solid advice; the kind you rarely get from the talking heads on TV, radio, and the rest of the media. Scott backs it all up with good solid research; this is not his opinion, it's facts, but presented in a way that your Grandmother could understand." - Dr. Barry H. Kaplan, EA, CFP, Chief Investment Officer, Cambridge Wealth Counsel

Are you worried and stressed out about not having enough money to retire? Do you have fear of losing your money?

Are you unsure of how to build wealth for the long term?

Or maybe you've been thinking of investing for quite some time now, and you just don't know how to get started. The whole thing seems too complex and overwhelming.

This conversational and action oriented book is for people who want to get started investing (or are thinking about it), but have never understood why or how - no matter your age or how much money you have to invest.

Investing has always been made out to be difficult for you, and you think you couldn't do it yourself, much less retire rich.

Every time you think about it, you get overwhelmed and afraid of making a costly mistake.

You know the drill.

You get ready to do something - maybe on your own or in your employer's retirement plan.

Then ...

You find yourself lost in all the jargon and get-rich-quick schemes. You have no idea what to do. After some time, you give up and just let whatever money you have sit in a savings account earning no interest.

Or worse - you ask somebody else to do it for you and trust it will turn out ok (hint - it won't).

There are TONS of myths, misconceptions, and flat-out lies out there about how difficult it is to build wealth.

99 Minute Millionaire busts those myths and challenges everything you've been told about investing.

This book contains proven solutions that every new and experienced investor needs to know - no matter what financial challenges you face.

99 Minute Millionaire Gives You The Path To Building Wealth

- Why many investors fail, and how you can ensure you don't
- How you can make the most money with very little work
- Important decisions every investor should be aware of
- 14 common and costly mistakes investors make
- How to manage your money like a pro
- The truth about financial advisors and investing professionals
- And much more!

Follow the advice given in this book and by the end, after putting what I have to say into action, you will be a better investor than most professionals.

Best of all, the rest of your life doesn't have to be put on hold to do it either!

This book shows you how you can continue to spend most of your time doing what you love instead of struggling to manage your money.

Before you buy the book, I have one question for you:

What's stopping you from taking 99 minutes to improve the quality of your finances and put you on the path to financial freedom?

5th Grade Simple (and that's a good thing)

By Vincent Tapia

I'm very impressed by the straightforwardness in which Scott Alan Turner presents his financial advice and tips. He makes it abundantly clear that the information he writes about has been gathered from professionals and has been applied by himself. He understands that in order to get started on the road to financial independence, many people are intimidated by the financial intricacies. Scott Alan sifts through the deluge of savings and finance and pans out the best nuggets to get started. Yes, he says his intention was to make it 5th grade simple and for that I'm grateful. I always wanted someone to explain it to me without feeling embarrassed for not knowing the fundamentals. Now I feel like I can begin with a sense of direction. Thanks Scott!

Understandable, educating and entertaining

By Agi

Easy to understand, down to earth and helpful book to better navigate your finances. The author has a great approach and an entertaining style, not the boring, dry voice you would expect from the subject.

The extra bonuses are also very generous and great information. Definitely a must read!

Get this book and read it! Then do it!

By Dr Barry H Kaplan

First of all, I am likely not Scott Alan Turner's target market for his book, as I am a CFP/ Fee-Only planner. However, since I do this for a living, it allows me to evaluate this book from a different point of view from readers. Secondly, full disclosure, I have known Scott personally for many years and expected something wonderful. But Scott exceeded even that high bar. This book is a big winner!

Most financial/investment writers and practitioners tend to complicate and obfuscate in order to make themselves look smarter than their readers or clients. On the other hand, Scott cuts through the mystery and voodoo of personal financial planning and simplifies. He uses a breezy, conversational style that makes it appropriate for everyone from novices to guys like me (I picked up some great stories to use with clients).

I couldn't recommend this more highly. Scott explains the basic the basics of investing in simple English. It's solid advice; the kind you rarely get from the talking heads on TV, radio, and the rest of the media. Scott backs it all up with good solid research; this is not his opinion, it's facts, but presented in a way that your Grandmother could understand.

Most readers should be able to implement Scott's recommendations at an absurdly low cost and outperform most professionals. Get this book and read it! Then do it!
