Good guide....With the CD

By ben-jammin

I have played the guitar for a few years...I never learned how to read until I started to use this guide book. It is only 42 pages, and can be completed within 2 weeks with practice. Over all the book does what it is intended to do: teach you how to read music and play classical guitar the correct way so that you can play more complicated songs after you finish the book...It's cheap and pretty good, but make sure wherever you get it that it comes with the CD, because it is crucial in order to benefit from the book...Good luck.

An excellent guitar method.

By Fenderman

Nathaniel Gunod's "Classical Guitar for Beginners" makes an excellent companion book for Aaron Shearer's guitar methods. Gunod includes a little music theory in his book and covers playing guitar in higher positions up the fretboard. A very nice guitar method!

Just okay

By Debi

A little hard to understand for the total beginner. May be okay for someone who knows a little about guitar.
Would be better to pay more and have DVD included.
