A relentless FBI profiler hunts a vicious killer.

When old evidence turns up on a fresh corpse, ASAC Lincoln Frazer is determined it won't delay the execution of a convicted serial killer. But when more young women are brutally slain, it becomes clear—this new killer is intimately familiar with the old murders.

A dedicated emergency physician hides a dark secret.

Former Army Captain Dr. Isadora Campbell helped her mother conceal a terrible crime. After her mother's death, Izzy resigned her commission and returned to the Outer Banks to raise her rebellious teenage sister. But it doesn't take long for Izzy to suspect that someone knows exactly what she did, all those years ago.

If they work together, maybe no one else will die.

With pressure mounting to reopen the old case, Frazer will use any means possible to catch the killer. Thrust together during the investigation, he and Izzy find themselves reluctantly attracted to one another, and begin an affair. Meanwhile the killer is much closer than they think. Izzy's confession of her secret drives Frazer away as he struggles with her deception. By the time he realizes he's fallen in love with the stubborn woman, the killer has her. Now the race is on to save Izzy, and any chance of a future they might have together.

The past can haunt

By Miss Kay

Every time I finish a Toni Anderson book I think to myself "That is her best work yet!" This is no different.

Lincoln Frazier was probably one of my favorite characters from the very start of this series. He made some extremely hard choices in the first novel and has grown into an incredibly agent. Isadora Campbell is a doctor who spent her life hiding from past mistakes which come to haunt her when her little sister's best friend ends up the victim of a serial killer.

Parts of this book are terrifying. You'll wonder who did it throughout and you'll be convinced of the perp multiple times before you find out who it actually is (in fact, there were a couple times while reading that I thought the actual perp was the perp, only to convince myself I was wrong because someone looked better for it). These books are all great procedural thrillers with a healthy dose of romance. Well written and well edited. I can't say enough about what a great author she is.

Fast-paced who-done-it!

By Jennifer Leinbach

Well developed characters + tight plot + passion = one great read. Loved the strong friendships and heart of Izzy who is doing best to care for her 17-year old sister.
