Review

Review of a previous edition of this book:

‘One of the book’s great strengths is its clear exposition of some very difficult areas of the law, moving seamlessly from points that puzzle students to points that puzzle practitioners. Other strengths are the breadth of its approach, the fact that it is extremely up to date, the freshness and vividness of its approach and its willingness to place equity in a wider context. The student will enjoy a clear, lively and challenging account of the subject matter. The practitioner will find the book well worth consulting for its clear exposition of the basic principles and of their application in difficult areas.’ - New Law Journal
