Basic instruction

By sharon caldwell

This book is different from Cynthia Knox's other books. It has basic instruction for colored pencil, oil, acrylic, watercolor, and more in the

front section. The second section has full page color artworks to recreate. The reason why I really love it is because there are actual templates and transfer paper in the back to use for drawing and painting these beautiful works of art on my own. This has made the projects very doable, and I recommend it for beginning and intermediate artists.
