The distinction is only the kinds of the book Greek Sculpture: The Archaic Period (World Of Art) By John Boardman, whereas, this condition will specifically be profitable.

GREEK SCULPTURE: THE ARCHAIC PERIOD (WORLD OF ART) BY JOHN BOARDMAN PDF

"Authoritative and brilliantly illustrated. . . . The book recommends itself not only for its synthesis of existing knowledge, but also for its original ideas." ?The Daily Telegraph

For most people there is no more satisfying expression of Greek art than its sculpture. It was the first, the only ancient art to break free from conceptual conventions for representing men and animals, and to explore consciously how art might imitate or even improve upon it. The first stages of this discovery, from the semi-abstract beginnings in the eighth century BC to the more representational art of the early fifth century, are explored and illustrated in this handbook.

Very small format and photos are all black and white

By Mom of Two

Expected this book to be in a larger format. This is tiny so makes it difficult to read. Also, all photos are in black and white so again it's an issue of being readable. I am sending this back.

Greek Sculpture

By Projectmatt

This is a great book with a ton of information. It is a sequel to the other 2 books in the series of Greek

Sculpture. It covers many different aspects of style, origin, and techniques, etc. of the sculpture work. It also includes a index of illustrations and index of artists in the back of the book so you can look up specific works. It also has a general index.

0 of 1 people found the following review helpful.

Four Stars

By Ray J Bishop

Great Transaction! Perfect for school!
