Awesome Read for Bikers and 50's & 60's rockers. Very funny & creative writing.

By Ricky J. Mestayer

I laughed throughout the reading of the book. A real feel good fiction story. Makes you think "what if". The author makes the characters of the book come alive. Big D, Mikey & Ricardo are typical weekend bikers experiencing the adventure and joy of riding motorcycles. Every ride is an adventure with a story to tell. The author's writing style makes you feel like you are actually experiencing the adventure. As you read the book you can't wait to see what happens next. When I sat down to read the book my plan was to read a few chapters and go to bed. Two hours later I finished the book. I could not put it down.

Good Read

By Jack21

Good read. Characters are well developed. . Heven, Alabama is like a hundred small towns in the backwoods of that state, except that this town has a bunch of definitely different characters. I especially enjoyed that I thought I had the ending figured out, but was surprised that the story did not end as I thought it would. If you want to read an adventure story with many different twists, you will definitely enjoy this one.

A fantastic "light" read, full of wit, sarcasm, and charm.

By Jody D. Moss

If you like motorcycles, music from the 70's, classic sarcasm and a sharp wit - it is the adventure for you. A great quick read full of adventure and although the work is fiction, it constantly keeps you guessing about whether it could be non-fiction. I laughed, snorted a few times and stayed up way too late reading it just to find out if it was "true" Check it out; you won't be disappointed.
