5 Stars!

By Kelly Emery

received ARC from author for a honest review

Another incredible book in the Rockstar Series!!! I devoured this book...I couldn't get enough! I was completely bummed when it ended, and kept scrolling to find more story. But that just means Book 5 in this fantastic series will be even better....if that's even possible! Anne....you are an outstanding and remarkable author!!!

Interlude is an excellent mixture of past and present. It mainly follows Jesse and Cage's past, and fills in a large amount of details that were missing from the first three books. What events lead these men to where they are now? What were their thoughts and feelings about Lucy and Sera? These questions, and many more, are finally answered.

Not only do you read the POVs from Jesse and Cage in the past, but also from Lucy and the new "Blush Baby", Nicole, in the present. They are about to go on tour again, but this time it's different. We can't forget about the Kingston Litter! I'm really anxious to see how Lucy's pregnancy progresses, and how members of both bands start finding their own HEA!

Interlude progresses very well and leads into Ben's book perfectly! Will Ben finally find his true love? Or is he just another rockstar in a sea of multiple women? I guess we'll just have to wait and see.... :)

We meet Cage and Jesse and it's a roller coaster ride from the beginning. The characters are well developed and well written, there's no way won't fall in love with them. The story flowed well and it was easy to follow. It was a really fun read. This series overall was amazing and I loved every book just as much as the one before.

Wanted more

By Amazon Customer

I'm pretty sure I had a misconception about the purpose of this book. While it gave some POVs from Jesse & Cage that we may not have had previously, it provided nothing new. Instead of charging your readers for technically nothing, you could have shared this for free as a thank you for our loyalty. I gave this three stars simply because I love this series and I am always eager for more, but this book didn't make me happy at all.
