It is a way of thinking, and must be honed. This book provides you with everything you need to know to begin the practice. This Book Is My Gift To You.

Most helpful customer reviews 2 of 2 people found the following review helpful.

abundance book

By Manny

I needed a book like this one. Straight to the point you'll learn the basic stuff to change your mind from a scarcity to an abundance mindset. You'll learn how to identify an abundance mentality or how to gain & maintain the abundance mentality, that is the most important one!. The tips and steps included can be applied and are helpful for you to get there. Really recommended! 2 of 2 people found the following review helpful.

Pretty good

By Justin B

This book was a very quick read about changing your mindset to attract positivity in your life. The concepts aren't revolutionary, but it's nice to have them laid out in one place.

The bonus mantra chapter was a great addition! 1 of 1 people found the following review helpful.

Good!

By Alexandra

It's a good book for those who don't know anything at all about the subject, but for me there wasn't anything new. I liked the beginning, because I could see some of my problems there. However, when it comes to explanation of changing your mindset (or as Steve Pavlina calls it, heartset, with which I agree), I found his videos and blog a lot more specific. Also, the mantras in the end make it sound like their purpose is to tell the universe what you need and just get it - that's pretty vague. Telling yourself over and over again that 'you are abundance' won't get you in the mindset of abundance. It's bigger than that.

I'd like to thank the author for making the book free - it's good to see different people's opinions. See all 17 customer reviews...

## LAW OF ATTRACTION: SCARCITY NO MORE: MANIFESTATION, VISUALIZATION, & SUCCESS PRINCIPLES BY FELICITY FRIEDMAN PDF
