This Book Will Help You Make Money With Facebook IF...

By Britinus

I'm always suspicious of claims like the one given in the Book Description: "Just follow the steps outlined in this report and you can easily make \$1000 a day on Facebook."

The truth is that there is nothing EASY about making \$1,000 a day from ANY legitimate online business activity, with or without Facebook.

The information given in this book IS very good as it relates to using Facebook as a sales and marketing tool, IF you understand and keep foremost in your mind:

As the author states:

"Facebook isn't a secret money pile just waiting to be found..."

And...

"Making money with Facebook is more of a numbers game than anything else."

Before you consider doing any kind of sales and marketing with Facebook you will need:

1. A strong desire to succeed.
2. A product or service to sell.
3. A working website.
4. A method of receiving payment for your product / service.

Once you have these four things, you're ready to use Facebook as an effective sales and marketing tool. By following the advice given in this book YOU WILL HAVE a greater chance of SUCCESS!

**HIGHLY RECOMMENDED**

NOTES For The Author:

1. Drop the price to \$2.99 (to compete on a level plain with other authors in your genre)
2. Include your contact details - website or Facebook page(s)
3. Tidy up the formatting for your TOC
