MORT BIG COMIC (DISCWORLD) BY TERRY PRATCHETT PDF

An illustrated version of one of Terry Pratchett's comic science-fiction novels. Mort has been chosen as Death's apprentice. He gets board and lodging, free use of company horse, and doesn't even need time off for his grandmother's funeral. Looking like a skeleton is not compulsory, either.

Of course Death's assistant is named Mort

By ealovitt

Mort is apprenticed to Death at a job fair, because frankly he's so klutzy no one else wants him, not even his farmer father.

Now Death has a voice like "lead slabs dropped on granite" and He strides toward Mort, "black cloak billowing and feet making little clicking sounds on the cobbles."

Unfortunately He spoils His entrance by slipping on a patch of ice, and collapsing at His would-be apprentice's feet.

For some reason, Mort is not afraid of Death. He thinks He's weird and fascinating. Plus his father has told him that some hard-working apprentices inherit their master's business. Ummm...

Maybe not if your Master is immortal.

Mort is soon sent out on his own to 'release' dying souls from their bodies, and (this is the best part) he gets to ride Death's big white horse, Binky. He gallops to his first location, a small cottage, and finds a bundle of hay by the door with an attached note: "FOR THEE HORS."

Someone is expecting him.

"Mort" is full of strange and hilarious encounters between the world's most naïve apprentice and his sometimes unwilling customers. And just when he's beginning to get the swing of things, i.e. his sythe, he meets Princess Keli who is about to be assassinated in her own royal bedroom.

Mort saves her life--a huge no-no on the list of things Death's apprentice should never do. He and Princess Keli have got to work on her not-really-dead-but-not-really-alive predicament together, even if it means that Mort will have to fight a life-or-Death duel with his master.

Luckily, Death's daughter, Ysabell (Disworld's first goth, although a bit chubby for the part) has taken a liking to Mort. With Binky, Ysabell, and Albert (Death's valet) on his side, will Mort have a chance against the Destroyer of Worlds?

WHAT DO YOU THINK? HA HA HA HA HA!

irony, allusions, satire are deep, wickedly & irreverently hilarious

By Cecilia's GiGi

One of Terry Pratchett's funniest. And the irony, allusions, satire are deep, wicked & irreverent - I see more of it every time I read it. This is my third copy - I keep giving it away. Usually I use the local library for my reading, but this one is so funny that I have to keep it on my shelves.

Its OK. The humor seems somewhat clever at first ...

By frootloop4eva

Its OK. The humor seems somewhat clever at first. But then rather repetitive by about halfway through the book. I doubt I'll bother to read any other discworld novels
