Is there a page missing?

By Danger.S.Kitty

I am glad someone else commented about the story here and how it doesn't make sense. It is as if a page is missing between the playground falling and being magically rebuilt. It is hard to recite the last words of dreaming big when something is so nonsensical. I am glad the other Pete the Cat books are better and have more substance.

Fantastic!

By cgc

I purchased this book for my 2.5 year old son, who loves Pete the Cat. By FAR, this is his favorite. We received it two days ago, and every night since then, it is the ONLY book he wants to read. I have read it to him about nine times in two days.

The reason? Pete the Cat + Construction Equipment. Two things my son loves. If you have a kiddo that loves Pete and ALSO delights in pointing out the difference between a bulldozer and an excavator, you need to buy this book immediately.

Based on the books that have had longevity on his nightstand, I can guarantee this one will be there for a while.

Delightful!

By Georgia

An artistic delight for anyone with a sense of whimsy. It's a must for cat fans and for students of art who like to see how an artist develops his style over the years. Dean also reinterprets great art--such as the Mona Lisa, holding Pete the Cat, or the famous Abbey Road picture of the Beatles, who are trailed by....yes, Pete the Cat. Love it!
