Good for kids

By Pamela C. Cole

This is cute and good for kids but it is more how to decorate than actually cooking. Nice wipe off pages.

It's awesome.

By Rolan K. West

Hardly any recipes (like six total) and only about four stories. More of a cooking journal thing. Get the newer princess cookbook instead. It's awesome.

Great gift for a young girl

By Amazon Customer

Bought this book for a gift for my niece who still loves the Princesses. It was a cute book that will introduce her to cooking. It has some creative ideas but is definitely not intended for the advanced cook or baker.
