By Abdel

The book is good, it is a used book, but in a Very very good condition. I had the Arabic version before. It is a good book I strongly recommend it for anyone who is interesting in sociology. The only problem I had is with its shipping. I takes about a month to be arrived to my house :-)

A good, comprehensive textbook

By Jeong-han Kang

This is a good coverage of various fields of sociology.

Some contexts, contents, and statistics are pretty specific to UK. Otherwise, a globally useful introduction to sociology.

The book was true to the description. I won't hesitate to buy another used book. A very good buy. Used books make sense.
