SPECIMEN DAYS: A NOVEL BY MICHAEL CUNNINGHAM PDF

Do you ever before know guide Specimen Days: A Novel By Michael Cunningham Yeah, this is a really intriguing publication to read. As we told formerly, reading is not kind of obligation task to do when we need to obligate. Reviewing need to be a behavior, a great behavior. By reading *Specimen Days: A Novel By Michael Cunningham*, you can open up the brand-new world and get the power from the globe. Everything can be obtained through guide Specimen Days: A Novel By Michael Cunningham Well briefly, publication is quite effective. As exactly what we supply you here, this Specimen Days: A Novel By Michael Cunningham is as one of reviewing book for you.

Amazon.com Review

Book Description: In each section of Michael Cunningham's bold new novel, his first since *The Hours*, we encounter the same group of characters: a young boy, an older man, and a young woman. "In the Machine" is a ghost story that takes place at the height of the industrial revolution, as human beings confront the alienating realities of the new machine age. "The Children's Crusade," set in the early twenty-first century, plays with the conventions of the noir thriller as it tracks the pursuit of a terrorist band that is detonating bombs, seemingly at random, around the city. The third part, "Like Beauty," evokes a New York 150 years into the future, when the city is all but overwhelmed by refugees from the first inhabited planet to be contacted by the people of Earth.

Presiding over each episode of this interrelated whole is the prophetic figure of the poet Walt Whitman, who promised his future readers, "It avails not, neither time or place ... I am with you, and know how it is." *Specimen Days* is a genre-bending, haunting, and transformative ode to life in our greatest city and a meditation on the direction and meaning of America's destiny. It is a work of surpassing power and beauty by one of the most original and daring writers at work today.

From Publishers Weekly

Starred Review. Engaging Walt Whitman as his muse (and borrowing the name of Whitman's 1882 autobiography for his title), Cunningham weaves a captivating, strange and extravagant novel of human progress and social decline. Like his Pulitzer Prize–winning *The Hours*, the novel tells three stories separated in time. But here, the stage is the same (the "glittering, blighted" city of Manhattan), the actors mirror each other (a deformed, Whitman-quoting boy, Luke, is a terrorist in one story and a teenage prophet in another; a world-weary woman, Catherine, is a would-be bride and an alien; and a handsome young man, Simon, is a ghost, a business man and an artificial human) and weighty themes (of love and fear, loss and connection, violence and poetry) reverberate with increasing power. "In the Machine," set during the Industrial Revolution, tells the story of 12-year-old Luke as he falls in love with his dead brother's girlfriend, Catherine, and becomes convinced that the ghost of his brother, Simon, lives inside the iron works machine that killed him. The suspenseful "The Children's Crusade" explores love and maternal instinct via a thriller-esque plot, as Cat, a black forensic psychologist, draws away from her rich, white and younger lover, Simon, and toward a spooky, deformed boy who's also a member of a global network committed to random acts of terror. And in "Like Beauty," Simon, a "simulo"; Catareen, a lizard-like alien; and Luke, an adolescent prophet, strike out for a new life in a postapocalyptic world. With its narrative leaps and self-conscious flights into the transcendent, Cunningham's fourth novel sometimes seems ready to collapse under the weight of its lavishness and ambition—but thrillingly, it never does. This is daring, memorable fiction. Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.

From School Library Journal

Adult/High School—Billed as a novel, this Walt Whitman-inspired genre bender works more as three novellas, each one tackling a different form. In *In the Machine* is a ghost story of sorts set in mid-1800s New York City. Young Luke takes a job at the factory where his older brother was killed. He falls in love with Simon's girlfriend and begins to hear his dead brother's voice speaking to him through the violent poundings, whirring, and clankings. While the 19th-century style of writing evokes a dark, spooky atmosphere, some readers may be put off a little by the slow pace. *The Children's Crusade* carries readers to post-9/11 New York. Cat, a forensic psychologist, investigates a network of terrorists who use children to commit attacks. Suspenseful and exciting, the tale moves beyond the norms of the typical thriller by dredging up deep issues from Cat's past. *Like Beauty* takes place 150 years into the future. There, the simulo, or android, Simon and the lizardlike alien Catareen join in a bizarre and terrifying road trip from New York City to Denver. Cunningham does a wonderful job of creating a postapocalyptic society that's frightening and surreal, but also surprisingly believable. The three stories don't connect so much as reflect off one another by way of reusing characters' names and descriptions and revisiting locales. Cunningham's fans might be a little disconcerted by the content at first, but they will find the same flair for language, skillfully developed characters, and themes of identity and longing that make the author's other works so successful.—Matthew L. Moffett, Northern Virginia Community College, Annandale

The Voice of Cunningham Continues!

By IngenueHeart

I fell in love with Michael Cunningham's writing with his spectacular opus, "The Hours." I continue to love his style and voice in his latest, "Specimen Days."

Each scene's crispness of style and beautiful eloquence kept me enthralled from the first page to the last. The masterful usage of Whitman's own poetic talent profoundly adds to the novel as a whole and never detracts from Cunningham's own powerful and unique voice throughout his narratives.

I was particularly fond of the novellas "Like Beauty" and "The Children's Crusade." I found these two stories to be of considerable importance to our lives and I reread them both for their deep message and artistic voice.

The clever and imaginative style combined with a painter's eye for imagery makes it as memorable as the *Hours* and it absolutely stands on its own as a fantastically accomplished feat. There are few authors who can tap into true creativity these days like Cunningham can and any fan of his work should be quite satisfied with his latest!

Can't wait for more! I also highly recommended the exceptionally beautiful novel, "Anna's Trinity" by Howard Cobiskey

Great writing

By monica johnson

The writing is amazing. This is the 4th copy I have purchased because I keep giving them to people. I must say though (and everyone seems to agree), as strange as the book is all the way through, the ending is totally unexpected and seemingly disconnected from the rest of the story. No matter though, totally worth the read.

Had to read this book for school. At first ...

By BD

Had to read this book for school. At first I was unsure what to expect. But the book is very interested and full of intertwined themes which makes it an interesting read
