STAR WARS WIDEVISION: THE ORIGINAL TOPPS TRADING CARD SERIES, VOLUME ONE (TOPPS STAR WARS) BY THE TOPPS COMPANY, GARY GERANI PDF

Following the successful release of multi-series trading cards based on the original Star Wars film series (1977–83), Topps released the first volume of its Widevision series in 1995. These special cards were just as tall as the standard Topps trading cards but twice as long—a format that better reflected the widescreen dimensions of the films. Now, for the first time, every card, as well as rare promotional cards and limited edition chase cards, are reprinted in one deluxe collection. This new volume includes the fronts and backs of each card, showcasing original storyboards, fun facts, filmmaker quotes, behind-the-scenes photos, and exclusive commentary by George Lucas. Also included are four bonus cards, rare promotional images, an introduction by Gary Gerani, the original editor of the Star Wars Topps series, and an afterword by Star Wars collector Stephen J. Sansweet.

Poor quality

By Amazon Customer

Pictures are very poor quality. Looks how it would if I just scanned my own cards onto regular paper.

Can't remember the last time I was disappointed with any Star Wars purchase, but here we are.

Underwhelming... Cards are not worthy of collecting.

By Marky Mark

Underwhelming. Book covers the Star Wars Widevision release very well. The coverage of Star Wars SE release is poor as it is missing coverage of the inserts. As a Star Wars card collector, I thought this was going to be a must have, just for the trading cards alone. I was severely disappointed. Cards are normal size, instead of the Widevision format, and of low quality. Cards are not worthy of collecting.
