Koko Solves Another Case

By J.E. Stephens

Jim Qwilleran, or Qwill, has recently left the big city to move to the city of Pickax in Moose County. Life is good. He is decorating a new space and has a lovely young decorator who seems to making plays for him. This is causing problems for Qwill's relationship with Polly Duncan, the town librarian.

Qwill joined the local theatre group. The play practice is going smoothly until one of the actors is murdered with his wife. Qwill begins to investigate the murder and finds out many new details about Pickax residents and Moose County.

The Cats, Koko and Yum Yum, begin to act strangely. Little does Qwill know they are working behind the scenes to solve a crime and repair a relationship.

I enjoyed this Lilian Jackson Braun novel. I plan to read them all. If you like enjoyable mysteries with cats you will love this book.
