All the Proof, and In a Short a manner of Days!

By GemLvr

Does it work? You betcha, yes!

After beginning only the first chapter, I decided to follow suit on one of the anecdotes the author shares --as an example to the methodology at work here as a means to manifestation. Several pages in she references a time when during one of her daily travels she happened to be walking somewhere and stopped and found herself gazing at a lovely rose tree displayed inside the window of a florist. She wished to receive one, and stated and intended it so, exactly as she teaches in the book, and went about her merry way. A few days later, she was hosting Easter, when she received a pre gathering delivery from one of her guests...the rose tree...turns out the guest actually had requested that Easter lilies be sent, but the florist ~mixed~ the order up, and the author ended up with exactly what she had intended.

Well..having read that, I decided to put that exact suggestion into use, intending that I would receive flowers in the next few days-- figuring Start small, with no actual attachment to the outcome.

This afternoon, my husband called, saying he was hitting the grocery store on the way home, did I want anything? Between the time of the call and his arrival home, I remembered the flowers, and thought to myself, oh good, hopefully he will pick up the standard white roses we often grab to put on the table in our kitchen area, but without my prompting.. In he came with all the bags, and no flowers. I wasn't phased, figured, I'd maintain my intention, and that was that.

A minute or two later he went back out to close the garage door or whatever. I, at this point, was busy going through the mail, so had my back to him. When I happened to turn back around to say something, there in my line of sight were, yes, you already guessed it-- flowers! Not the white roses, but instead an exquisite arrangement of red and white roses mixed in with branches of cherry blossoms, and a lovely assortment of beautiful flowers. I was absolutely and utterly stunned, and still am. I don't know about you, but that was all the proof I could possibly need, and will be continuing my studies with Ms Florence Scovel Shinn, and this book!

I do want to add --- I have been avidly and actively reading quite a few of the prayers in Susan Shumsky's books as well--- they are profound in the depth of their power, and I cannot recommend them enough - Instant Healing and Miracle Prayers are my go to's; I have to give additional credit where it is unquestionably due. The prayers are truly healing in removing a multitude of blocks,fears, and other issues in my life, and I'm now a strict believer and dedicated to reading them aloud at least once daily. Some of those prayers deal with healing our mindsets of lack to not feeling we deserve the highest and best things that God/the Universe/our higher selves/whatever higher power you believe in has to offer. And will offer us if we remember to ask, work on our mindsets in thinking and speaking positively, and trusting that no matter what, the outcome will come about as good, if not better than we could ever have expected (white roses vs gorgeous bouquet), with focus, surrender, and persistence in following the steps ... Start simple, go from there, and you can count on seeing the results in the blink of an eye as I did...

Timeless advice

By Suz

The book is dated, but the advice is solid - it's true that "thoughts become things," but you kind of have to meet the Universe/God/Whoever halfway and do the work yourself, too. I think that's what sets this book apart from books like "The Secret" (which reads like garbage, IMO, but to each their own). This is less about wishing and more about attitude - but let me tell you, once you get your mindset right, interesting things will start happening. Read with an open heart and an open mind - and trust!!

So good

By Whitney

Eckhart Tolle is my bible but this is my second choice of all time favorite books. I saw it mentioned in Tosha Silver's *Outrageous Openness* and picked it up. I read it cover to cover in three days (I have three small kids so that's a big deal....) and I'll be rereading it... probably forever. I'm Buddhist so I have to replace the frequent mention of Jesus or God with "The Universe" or "The Divine" since I'm a nonbeliever but it really didn't hang me up at all. It's crazy powerful... read it.
