You may not bring the published publication The Last Rogue By Connie Mason or only stack the book in your house or the workplace.

THE LAST ROGUE BY CONNIE MASON PDF

London 1820 ...

All London was stunned when the infamous rake Lucas, Viscount Westmore, vowed to give up the fair sex and exile himself to St. Ives. The infamous rake was known for his love of luxury and his way with the ladies, just as the rugged Cornish coast was known for its savagery, its fearsome gales and its smugglers.

But Luc was determined to turn away from the seduction of perfumed flesh that had ended in tragedy and make his atonement. He never guessed the stormy nights of Cornwall would bring unlooked-for danger, the thrill of the chase, and a long-legged beauty who would tempt him like no other.

Misogynistic, with a plot that keeps changing focus

By AuntieWitch

In this book, no does not mean no, women cannot resist a man who presses the right buttons, so to speak, men cannot resist their sexual urges, and the idea of marital fidelity is a joke. Wagers are made on if the male character can last a year without sex. He makes it three months. Then he weds the woman he beds (in a rather contrived bit of plotting) and promises her, with reluctance and a bit of foreboding, six months of faithfulness. The messages here are disturbing and would be downright scary if not for the completely laughable dialogue to go along with it. (Paraphrased: "What are you doing?" "I am going to kiss you." "Why?" "I don't know. I can't help myself.")

The plot is loose and has many holes, and every few chapters a new central conflict has to emerge with barely a thread tying them together. At some points, it reads as though the author didn't read her own paragraph preceding the one she's written. A man asks to see a woman he knows is not where she's supposed

to be, and then the next paragraph, he's hoping nobody notices she's missing - the people who should not notice this, of course, being the very ones he just asked to take him to her.

There are what appear to be references to linked books, but not in a way that makes you at all intrigued to read them. If they're not references, then they're very poorly and loosely developed side characters with incredibly bizarre back stories that are only hinted at.

SO much is going on. I love it!

By Detra Fitch

Viscount Lucas "Luc" Westmore was the last man known to see Lady Sybil alive. Sybil had tried to entrap Luc into marriage and failed. She desperately admitted to being pregnant by a married man and need to wed quickly. Lucas promised to help her find a husband within the next two weeks. However, only two days later Sybil was found dead in the Thames, seemingly by suicide. Filled with remorse, Lucas made a vow of celibacy to last for one year. He left London for Cornwall, the small village of St. Ives, and found himself in the middle of smugglers.

Bliss Hartley was the daughter of a squire. Her father was ill and Bliss, along with everyone else in the village, turned to smuggling for money. She only wanted to make enough to take her father to a specialist in London. But there was a traitor within the smugglers ranks.

I must skip much here. The author has placed many surprises in this little village for her readers. To tell any more would give SO MUCH away. Therefore, let us fast forward.

Bliss and Luc marry and return to London. It became obvious that the talk of Lady Sybil's death had not yet ceased. Bliss was faced with trusting her husband, though he still kept a few secrets from her and had bluntly informed her not to expect him to remain faithful to her. Lucas did not believe he was in love with Bliss and kept trying to put distance between them.

***** I did NOT want to see this series end. Each Rogue's story has touched my heart, but this one even more so than the others. Bliss and Lucas are so well matched. I would say that I will miss them, but I know I will be rereading this story again very soon. All three in this series have been placed on my "Keeper" shelf. The author, Connie Mason, has proven that she is a gifted story teller, especially in the Regency era.

Word has it that the author's next release will be in November 2004, titled "THE PIRATE PRINCE". Though it will not be set in London, (Perhaps the author can be persuaded to return to London again in the near future.) I look forward to the next adventure. Highly recommended reading once again! *****

one star is to good for this one

By Kindle Customer

The main focus of this book is male arousal and quite frankly it is overdone and not believable. The plot is shallow, the characters undeveloped and I can't find anything to recommend the investment of your time to read this one. I picked this one up on Amazon for free and it still was't worth the price.
