Now updated with 30 percent new material, the only comprehensive guide to one of the most essential but often-overlooked minerals, magnesium—which guards against and helps to alleviate heart disease, stroke, osteoporosis, diabetes, depression, arthritis, and asthma

Magnesium is an essential nutrient, indispensable to your health and well-being. By adding this mineral to your diet, you are guarding against—and helping to alleviate—such threats as heart disease, stroke, osteoporosis, diabetes, depression, arthritis, and asthma. But despite magnesium’s numerous benefits, many Americans remain dangerously deficient. Updated and revised throughout with the latest research, this amazing guide explains the vital role that magnesium plays in your body and life. Inside you will discover

- new findings about the essential role of magnesium in lowering cholesterol
- improved methods for increasing magnesium intake and absorption rate
- how calcium can increase the risk of heart disease—and how magnesium can lower it
- a magnesium-rich eating plan as delicious as it is healthy
- information on the link between magnesium and obesity
- vitamins and minerals that work with magnesium to treat specific ailments
- why paleo, raw food, and green juice diets can lead to magnesium deficiency

The Magnesium Miracle, now more than ever, is the ultimate guide to a mineral that is truly miraculous.

Not buying into her marketing ploy...

By Jane Eyre

Not impressed with this book. The author is busy tooting her own horn and using this second edition as marketing hype for supplements in which she has a financial stake . I wasted my money.

3 of 3 people found the following review helpful.

**A MUST READ BOOK**

By Kindle Customer

Great book, informative. Magnesium is SO IMPORTANT and the majority of people are deficient and are unaware of the deficiency as doctors just prescribe more medications without knowing or caring that most drugs deplete magnesium, causing complex problems that doctors treat with additional drugs. This book answered ALL of my questions concerning prescribed medications and the damaging side effects caused by them.
