Hard to say not what I expected.

By Avid reader

This book has its moments. At first I would give it a four then after a while a three then at the end a two thus the three rating There is lots of humiliation, spanking, caning in middle and somewhat in the end. At times this book is hard to follow as no chapters. Poor editing at the end with Sarah in car with Charlie instead of Clare. Who Was supposed bring him back to England for her husband to be a cuckold. This didn't happen to end of book which was disappointing to me. I would have liked to see more of the feminization of Thomas and Daniel maybe even some sexual interaction between the two of them and perhaps servicing Charlie. So as I said hard to rate.

NOT A QUICK READ, You have to work to hard to enjoy it

By Kindle Customer

I begin this book with every intention of enjoying it. The first couple of times she used the word "lent" I overlooked her error. The next time she used "lent", I realized she meant leaned. Now the story is interesting if you can sort out the players. She refers to Claire as someone else, over and over and I finally got tired of having to work my way through the story for it to make sense that I stopped reading. What happened at the end of the story? I don't know or care. This author came highly recommended so I feel disappointed. Has the author heard of partnering with an editor?

Hard to Follow

By Jim9500

I didn't feel it was one of her better books and I have read most of them.

There was the usual male submissive subjects getting their back sides tanned.

But, there was too many people involved in the storyline for my liking.

I had a hard time keeping track of who belonged to who and where did this person come from.
