THE SPIRIT OF THE LITURGY BY JOSEPH CARDINAL RATZINGER PDF

Considered by Ratzinger devotees as his greatest work on the Liturgy, this profound and beautifully written treatment of the "great prayer of the Church" will help readers rediscover the Liturgy in all its hidden spiritual wealth and transcendent grandeur as the very center of our Christian life. In his own foreword to the book, Cardinal Ratzinger compares this work to a much earlier classic of the same title by Romano Guardini because Ratzinger feels that his insights here are similar with what Guardini achieved in his time regarding a renewed understanding of the Liturgy. "My purpose here is to assist this renewal of understanding of the Liturgy. Its basic intentions coincide with what Guardini wanted to achieve. The only difference is that I have had to translate what Guardini did at the end of the First World War, in a totally different historical situation, into the context of our present-day questions, hopes and dangers. Like Guardini, I am not attempting to involve myself with scholarly discussion and research. I am simply offering an aid to the understanding of the faith and to the right way to give the faith its central form of expression in the Liturgy."

I cannot stress enough how clear and relevant this book is! It's Awesome!!

By CDS

It would be very easy for me to gush about this book. I absolutely loved it! I made all sorts of time in my schedule to read it over a few days. This book was intensely gripping. Cardinal Ratzinger (Benedict XVI) has a real talent not only for pointing out what's wrong with the liturgy as is and where it needs to change, but for doing so firmly yet gently. He begins with explaining why we do liturgy at all, how it connects us to the life, Passion and Resurrection of Christ, and then he goes on to discuss the various aspects of the liturgy. I found the chapter on music particularly amusing at one point because he was discussing how liturgical music is banal, how it was influenced by popular culture, by all sorts of errors, and yet the situation he was describing was not that of today, but that which caused the Council of Trent, yet it rings crystal clear for today. Allright, no more spoilers!! Pick up this book, particularly if you want to get a clear understanding of what the liturgy is, and what it shouldn't be made out to be! I can't stress enough how much I absolutely enjoyed this book! It was fantastic, no point in giving it a rating out of five points, because it would be far off the scale. The

writing was engaging and clear, the topic was timely, and very masterfully presented!

"Expressions of Faith"

By Steven K. Szmuto

Cardinal Ratzinger, now Pope Benedict XVI, has written an invaluable text for a deeper understanding of the importance of liturgical expression in the Catholic faith. In clear, insightful and organized language, **THE SPIRIT OF THE LITURGY** intends to assist the faithful in "the right way to give the faith its central form of expression in the liturgy."

The book begins with a study of the "Essence of the Liturgy" and its place in the fundamental reality of faith. It moves into a developmental reflection of sacred time, sacred space, the nature and use of art and music, and finally, the particulars of liturgical form.

Liturgical expression is integral to the Catholic worship in that it allows all persons to enter into deeper mysteries and realities. **THE SPIRIT OF THE LITURGY** helps the reader appreciate the ever-unfolding mysteries of revelation, and meditate upon the different aspects of expression within an integrative context.

Wonderful

By Crawford

I am a student of theology, and Ratzinger (as ALWAYS) offers intellectual and spiritual enlightenment.
