THE TOTAL NOVICE'S GUIDE TO UFOS: WHAT YOU NEED TO KNOW BY T. L. KELLER PDF

“You are to be commended on such a great publication and I am humbled that you would even consider adding a few lines from one of my books,”

--Paul Hellyer Former Canadian Minister of National Defense

“. . . this brilliantly produced book not only serves as a superb introduction to the subject but covers some fascinating and important new material for the aficionados.”

--Timothy Good, Leading Authority on UFOs and Best-selling Author

“I offer my gratitude to you, not only for the “heavy” copy of your book, but also the “light” that the content provides. You and your colleagues can be congratulated for your excellent summary of the history, and probable significance, of the ET presence on Earth. Love & light,”

--R. Leo Sprinkle, Ph.D., Famed Hypnotherapist and Consultant to Linda Moulton Howe

“Also of interest is a chapter that discusses the “Skunk Works” (the advanced aircraft manufacturing division of Lockheed), and the shocking statements made by its former president, Ben Rich. These statements, which were confirmed by the author who was present at Rich’s March 23, 1993 UCLA presentation . . . Readers of this book would do well to consider the staggering implications of Rich’s comments, and their potential transportation and clean energy applications for this world.”

--Michael Schratt, Military Aerospace Historian, Artist and Reviewer, Open Minds magazine

ARE UFOS REAL? FINALLY, A GUIDE FOR THOSE WITH OPEN MINDS

This is the revised and expanded 2nd edition (2015) of the original book written for the novice and for the more knowledgeable as well. 60+ new, color illustrations. New sections document the Hudson Valley triangular craft, Area 51/S4 hangar details, articles by the former Canadian Minister of Defense, the Hon. Paul Hellyer, and disclosures by US Air Force generals, American and Canadian scientists.

Join the author, T. L. Keller, on a voyage to otherworldly places and understand the reality of UFOs, alien beings and how they get from wherever they are to planet Earth. This book is part of The Total Novice's Guide series of books intended for those who know little or nothing about a particular subject, have open minds and want to know more. * In this fascinating and informative read, you will be escorted through the Roswell and other incidents involving crashed alien spaceships. Read about Project Galileo, and testimony from government officials, as well as 10 former, military whistle-blowers who have had first-hand experiences with the unknown. * Get the latest inside information on the above-top secret, US government anti-gravity and flying disc program that has been fifty years in the making. * Learn about super secret, Area 51/S4; understand "Missing Time", and the true nature of human abductions. You will learn how alien vehicles travel here; and, more importantly, why they are here. Read how you will be impacted when the reality of UFOs and alien beings becomes known to the world. And it may be just around the corner...

Super value and packed with Information

By Tony C.

So you think you know something about UFOs?

You'll be much more informed after reading this book - it's packed with up-to-date, well researched and fascinating information on just about every aspect of the UFO mystery. From George Adamski to Billy Meier; from Betty Hill to Travis Walton - whether it's Abductions, advanced technology, UFO propulsion systems, Alien Races or just famous (and not-so-famous) sightings, this book has it all.

I have been a serious student of the UFO phenomenon for over 10 years. I came across the "Total Novice's Guide to UFOs" at the International UFO Congress and Film Festival held in Fountain Hills, Arizona in February 2011. I figured I didn't have much need for a "Novice's Guide" - boy, was I wrong. This book is much more than that - it's an encyclopedia on UFOs and everything about them. It goes well beyond the basic information that one finds on the internet or the few lines mentioned in most books - and the vast number of subjects covered are supplemented with hundreds of full color photos and images.

I have too many books on UFOs to count - but the "Total Novice's Guide to UFOs" is now my favorite GO TO book whenever I find something I want to double-check, or just want to refresh on a certain UFO topic. ...You won't be disappointed.

The Total Novice's Guide to UFOs

By Zoe'

If you wanted to know the truth about UFOs FAST,
this is definitely the book to read.

It is the best book that I have come across that tells the whole story in a clear, truthful, simple manner. It is an easy read, logical, gives sources, has excellent pictures and layout. It is an above average quality produced book in terms of paper and photos.

I have been immersed in the UFO field for many years and have read many books and listened to many speakers on the subject. This book is surely the best for a novice; it also has unexpected little tidbits here and there for others who are more advanced in this field.

Libraries should carry this title as it is a basic source book for the UFO field.

EXCELLENT book, found new information in here not found elsewhere

By Diana

This is a nicely produced book. When the package arrived, it was amazingly heavy - because this book is made with quality paper and covers a lot of information, so has a lot of page.

I've listened to hundreds of hours of podcasts on the topic of UFOs, some of which focused specifically on

certain incidents, or people, or areas. I had no idea that the very region I live in has associations with the UFO topic and was surprised to read information I had never heard of.

I had read some snarky comments on Youtube below a very interesting and lengthy interview the author gave. It is a mystery to me why people are so nasty. Apparently they are even more expert than the author, thus their disdain for the book for "Total Novices" . . . but, this book covers a lot . . . and the illustrations and photographs are wonderful. Please find the interviews the author gave - they are very good.

Also, the price for this book at OC (Orange County) MUFON is the normal amount. It seems to be strangely inflated here, at this date, and hopefully will be reasonably marked in the future.
