a good mix of niche transformations only some enjoy

By Amazon Customer

There's a little bit of everything for everybody; a good mix of niche transformations only some enjoy, and stuff everybody and their mother likes. This is both a good and a bad thing - while it has variety, many of the stories (and as a result, changes) are fast-paced and brief; again, a blessing and a curse. The only thing it has in abundance is weight gain. If you're into a lot of different things, it's really worth picking up.
