The bible of One Pocket

By james park

Eddie Robin has done a terrific job in providing strategies, basics, and techniques for One Pocket billiards. Even though this book is expensive, it's definitely worth it. As the title says, this is "The Book" when you want to learn One Pocket.

Excellent book!

By Justin J. Greber

Great book not only for all the great info from the Worlds greatest players, but also the old black and White photos and stories to go along with those great Photos. A must read for any avid player wanting to play One of the hardest games on a pooltable.

The Hustlers Bible..

By roo7227

Have you ever been 1500 miles away from home, with \$3 in your pocket (between the 3 of us) and watched as your horse beats a guy out of \$1200 playing 9-Ball, and then beat's the same guy 22 games in a row, playing \$500 a game onepocket?.. We thought the guy was gonna have a coronary at the end.. He was all red and flustered, and breathing funny.. Best part is, when they first started gambling, my guy put the coldest move on him.. Since we where on the air barrel, he told the guy (as he reached into his pocket, as if to pull out some \$\$\$) " Do you wanna post?.. Nah, you don't have to post with me.. I trust you".. LOL..

That's how it is on the road, where you play onepocket for the big bucks, and 9-Ball to pay the room rent.. And that's what this book is about, hard nosed gamblers, playing a man's game.. This book is written by some of the greatest players that ever played, and thoroughly covers most aspects of the game.. From power onepocket, to the "wedge" game, and including a "Shots From the Past" section, that is sure to amaze..

Plus, 'Winning One-Pocket' delves into many finer nuances of the game.. Secrets that take years to aquire,

and infact, most of the time only get passed from champion, to protege.. Things such as logical end game strategies, and uptable traps.. Moreover, the book discusses high concept of knowing how AND WHEN to apply pressure, and more importantly, when to back off.. After all, it's about getting the money, and this book will give you better insight on how to do just that..

I have personally spent thousands of hours playing and gambling at pool.. My brother is the 1999 US Open Onepocket Champion (He is also the 2003 US Open 9-Ball Champ).. He and I both have copies of this book, and we (I'm sure he would agree) recommend this book, highly, if you can find a copy..
